WHEN SHE WILL SHE WILL! Local Girl Determined to Marry Man She Loves-Turns Down Suitor Favored by Family.

That the course of true love does not always run smoothly is painfully apparent to at least three persons at the present time, and right here in the Thread City—staid community that it is. A peculiar situation exists—two men want to marry the same young lady, and the young lady wants but one man, and that man is the one some of her relatives do not wish her to have, although the lady in question is of legal age and the man of her choice has procured a marriage license, having taken it out from the office of the town cierk last Wednesday.

The love affair is a tangle of hearts between three residents of the Assyrian quarier of the city—all residing on Jackson place. Abdemour Khouri, aged 25, a native of Lebanon, Assyria, is bridegroom-elect No. 1, and resides at 38 Jackson place and is the proprietor of a grocery store on Milk street. Admec Hanna, aged 23, is the bride who is so ardently besought by two men. The other prospective That the course of true love does

The bride-to-be has been in this The bride-to-be has been in this country only about six months and lives with her brother, sister and brother-in-law at 38 Jackson place, downstairs. To date Haddad has not taken out a marriage license, but has been to the office to do so, but did not after second thought. It is alleged that the girl's folks, those with whom she lives, want her to marry Haddad, but that she will not have him under any circumstances, as she loves her but that she will not have him under any circumstances, as she loves her Khouri, who is a large, good looking young man. Miss Admee also comes from Lebanon, Assyria, and has consented to marry Khouri, but he is a law abiding citizen and says that he does not want to get mixed up in any legal difficulties. Ever since Khouri took out the license other Assyrians, friends of the girl's folks, it is said, have bothered her almost to distraction and have threatened her and even done her bodily injury, according to eye witnesses. The Haddad faction apparently have some ill feeling for apparently have some ill feeling for Khouri and it has even been intimated that if he married the girl that the society—a sort of Black Hand combination—would fix him and the girl. As far as can be learned this threat has here there t has been the only thing that has de-terred Khouri from marrying the girl that he so much desires,

The police have been called to the house on three occasions to try and settle the affair, but when they arrive on the scene mum is the word and but scanty information is forthcoming. It is understood that the girl's relatives are now trying to advance the claim. are now trying to advance the claim that she is but 19 years old and that therefore she has no right to marry Khouri. The parties most concerned had another conference Monday evening at the police station and as fer as could be gathered the girl wants Khouri and unless something new turns up soon to prevent marriage with him will in all probability be consummated.

ORRINE is recognised as the best and most successful remedy the world has ever known for Druskenness or the so-called Liquor Habit. It is a very simple treatment, can be given in the home without publicity or loss of time from business and at a small price. Read the following letter from Dr. Nolte, 8th and Race Sts. Philadelphia. It will tell you about some of the wonderful results from the ORRINE Treatment:

"I have had a remarkable case of inebriacy under my personal observation. The patient drank heavily for fifteen years and reached a degraded condition, which caused the breaking up of his family and separation from his wife. Every hope was given up of ever saving the man from his strong desire for drink, and only a mother's interest finally persuaded him to voluntarily take treatment for his diseased condition. It was my pleasure to recommend ORRINE, your liquor habit cure, and the treatment was taken faithfully. This was two years ago and the patient is now in a healthy condition and still abstains from the use of stimulants, I have sold ORRINE for a number of years and have always found it to be satisfactory. I believe you have an exceptionally good treatment for this disease."

ORRINE is prepared in two forms. No. 1, secret treatment, a powder, absolutely tasteless and odorless, given to take voluntary treatment. ORRINE to take voluntary treatment.
